

Change Notification

The Governance Board has approved changes to the Certification Standards: Cranes Inspection.

Key changes are summarised as follows:

New document	Certification Standard: Cranes inspection , Revision 06, 22 June 2023
Replaces	Guidelines for Certification – Cranes Inspectors, 5 th edition March 2015
Sections changed and summary of main changes	
1	Introduction
Foreword section from 5 th edition updated and simplified.	
2	Scope
Scope and Discipline Recognition Range from 5 th edition combined. Additional endorsement added ie Ship-to-Shore	
4	Pre-requisites for Discipline Recognition
Updated to reflect current requirements. Reworded and reformatted for easier reading.	
5	Competency Requirements for Certification
Minor editing for clarity and wording simplified for easier reading; no significant change to competence requirements.	
6	Examinations
Sections 6.2 – 6.6 condensed into a Table to reduce duplicated wording and easier reading.	
Appendix A (Revision 06)	
Appendices A and C from 5 th edition removed. No longer required. Appendix B from 5 th edition is now Appendix A in revision 06 Reformatted and some wording edited for easier reading.
